

K9 HELM™

2021 Product Guide

Trident M1 Helmet

Includes nylon carrying tote, clear lenses, smoked lenses, picatinny rail, and Fit-Kit spacer pads

SKU#s:

K9H-TR1-R (regular fit)

K9H-TR1-L (large fit)

One-piece picatinny rail replaces the previous rail & adapter plate assembly.

Regular Fit
(thicker foam)

Large Fit
(thinner foam)

All dogs measuring W4 with our sizing templates will benefit from our large setup, especially if the dog also has a neck size of 45 cm or larger.

Carrying Tote
SKU# K9H-TR-TOTE

Fastener Kit
SKU# K9H-TR-FSNR

Custom Multicam Hydrographic Finish

Nylon helmet shells are prepped with an epoxy primer and color coat. Then, the multicam pattern is applied using a hydro-dipping process. Finally, the parts are sprayed with a matte urethane clear coat. This service is available as a special order and increases lead time 3-4 weeks.

Multicam Finish: helmet only or helmet + ear pro
