

Personal Lighting Products 2023 Tactical Collection

### We Create Light Where There is Darkness

Since 1975, Princeton Tec has developed products for the professional and the outdoor sports enthusiast. Princeton Tec's 47 year journey has pushed the limits of self-discovery and provided light for those who have explored all ends of the Earth. The spirit of adventure and history of meeting challenges continue to drive the growth and development of Princeton Tec and its products.

# Charge X

### **MOUNTING OPTIONS**

Charge X uses a versatile mounting system which allows for secure attachment to helmet rail systems or MOLLE/PALS. Once the light is in place, its flexi-neck design allows you to direct light wherever it is needed.

# Charge X New

### **Dual-Fuel**

Charge X is powered by either a CR123 lithium battery or singleuse AA batteries.

### **Flexi-Neck Design**

Allows for simple and accurate spot illumination that adapts to the task at hand.

#### Programmable

Set and change the order in which the colored LEDs appear upon activation for highly personalized performance.

#### **Specialty Color LEDs**

Along with a dimmable white light, Charge X also provides red, green, blue, and IR light.

# Switch RGB

### **MOUNTING OPTIONS**

Designed to be fast and effective, the MPLS Task lights can be off your helmet and onto your weapon, MOLLE or gear strap in a matter of seconds with the included component pieces. The mounts stay secured, while the small MPLS helmet task light does the moving.

### Switch RGB New

### Large Glove-Friendly Button

Switch's large, easy to find button is ideal for simple and quick activation.

#### **Flexi-Neck Design**

Allows for simple and accurate spot illumination that adapts to the task at hand.

#### Programmable

Set and change the order in which the colored LEDs appear upon activation for highly personalized performance.

#### Specialty Color LEDs

Specialty Color LEDs Along with a dimmable white light, Switch RGB also provides red, green, blue, and IR light.

# Switch Rail

### Two Modes

Provides momentary or constant on lighting options for adaptability to the situation.

### Large Glove-Friendly Button

Switch Rail MPLS's large, easy to find button is ideal for simple and quick activation and mode shifting.

IR

IR

# **MPLS Headlamps**

### **MOUNTING OPTIONS**

Our MPLS headlamps are equipped with an NVG adapter plate for helmets, designed to quickly and securely attach and detach the light from NVG mounts. MPLS headlamps also include a MOLLE bracket that allows for attachment to a wide variety of gear for hands-free operation when helmet mounting is not an option.

AFE

### Vizz RGB MPLS New

### Waterproof

Rated IPX7, withstanding water submersion of up to one meter.

### **Digital Lockout**

Vizz RGB can be locked when not in use to prevent accidental activation and unnesecary battery drain.

### Specialty Color LEDs

Along with white, Vizz RGB also provides red, green, and blue light.
